

Thank you for purchasing our Stylized Wooden Props Pack! This documentation will help you to get familiar with it.

Content

This magic stand pack contains: table with cover, barrels, broken barrels, crates, broken crates, round table, chairs; materials, textures and prefabs.

There are folders for **Built-In, URP and HDRP** rendering pipelines in the **Stylized Wooden Props Pack.**

If you want to use only one type of rendering pipeline, it is safe to delete the redundant assets from the Fantasy Magic Stand folder. Simply drag the assets from the corresponding folders to your project.

Naming conventions for easier navigation and search

tex_ for textures

mat_ for materials

prefab_ for prefabs

mesh_ for meshes/geometry

We hope this pack will help you to enhance your project! If you have any questions or problems using it, contact us by e-mail, we will be happy to help!

Also, If you need a pack with better quality and a larger amount of props, check out our Stylized Fantasy Magic Market Stand
